- **PKP reserves the right to make the final admission decision.**
 - The decision will be e-mailed to you within two–three weeks of PKP’s receipt of a **complete** application, including application fee and supplemental materials.
 - The acceptance email will have further instructions concerning (a) courses, (b) supervised special study option* with extra cost, (c) intensive courses** with extra cost, and (e) accommodation.

- *Students who have an academic interest and experience in a particular topic related to their major are encouraged to apply for a supervised special study in place of a regular course. Past students have used this option to work on a Senior thesis, or to pursue research as a stepping stone to graduate school. You can suggest any topic, but are expected to be serious and focused – this individualized supervision by faculty who are experts in their field is a highlight of this program. Note that a fee of £450 (GB Pounds) will be added to your account if you participate in this individualized supervision.

- **Students may apply for one of these very intensive courses in place of a regular course. It is a competitive application and PKP will communicate further with applicants before choosing a maximum of approximately five UCEAP participants. If chosen, note that a fee of £450 (GB Pounds) will be added to your account for the intensive course.

- **Housing Payment:** UCEAP students DO pay the Accommodation Fee, ranging in five price levels from £1,428–£2,214 (GB Pounds), directly to PKP. (These are 2014 prices and will increase in 2015.) You **MUST** pay the Accommodation Fee in order to secure your place on the program, choose and register for courses, and to obtain your choice of housing. Courses and housing are filled on a first-come first served basis, so it is crucial to pay the full Accommodation Fee as soon after acceptance as possible. The Accommodation Fee includes a meal plan and other Cambridge privileges. This fee is non-refundable.
